JAPANEUM 2020 AN EXPERIENCE FOR EVERYONE

The Japaneum 2020 takes you into the magical picture world of old Japan. Back then until now mysterious hybrid beings that dissolved the boundary of perception between reality and fiction have excited humans. The famous works of the Ukiyo-e artists and in the Kabuki theatres of Japan breathed life into these magic creatures.

Accompany the Japanese mythical creatures on their ever-changing journey through the various forms of representation over the past 200 years - the first presentation of woodcuts during the Edo period to the status as cult figures in Manga, Anime and computer games of the present days.
